OH! ORGANIC HARVEST

Cover Mulch

100% Recycled Top Dressing Wood Mulch

OH! Organic Harvest Cover Mulch is ideal for cooling the root zone, reducing moisture loss, controlling erosion and preventing weed growth. It is made from 100% green recycled materials.

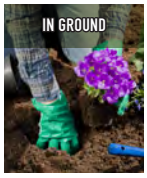
Farmers use OH! Organic Harvest Cover Mulch around their crops and in their orchards. Public works departments add OH! Organic Harvest Cover Mulch to landscapes in their parks, in street medians and on other government property. OH! Organic Harvest Cover Mulch is an environmentally sound way to add a finishing touch to any landscape.

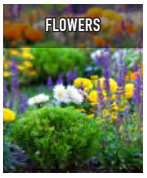
Uniform in size ranging from 2" to minus.

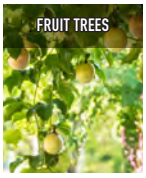
GENERAL USE INSTRUCTIONS:

Nurture the health and beauty of your landscape with OH! Organic Harvest Cover Mulch, our organic solution for flourishing gardens and pathways.

Begin by thoroughly clearing the area of weeds, debris, and any edging stones or borders you plan to replace later. Spread the mulch evenly with a rake, aiming for a 2–4-inch depth to suppress weeds, retain moisture in your beds, and create a comfortable walking surface on paths. After spreading, use the rake to create a smooth, level layer, but avoid piling mulch directly against plant stems or edging to prevent smothering. To maintain this attractive and effective application, replenish the mulch layer annually or as needed.







VOLUME CALCULATION

Application rates range from 1" to 3" deep depending on whether use is new application or used for maintenance.

SQUARE FEET ►	100	500	1000
Depth of 1"	.5 Cubic Yards	1.5 Cubic Yards	3 Cubic Yards
Depth of 2"	.75 Cubic Yards	3 Cubic Yards	6 Cubic Yards
Depth of 3"	1 Cubic Yards	5 Cubic Yards	10 Cubic Yards

MULCHES

BENEFITS:

Stabilizes temperature in the soil

•

Moisture retention

•

Erosion control

•

Weed control
